Ms. Sarah Mariam, Christ for Pakistan Church, Mangla

We were already running Sunday school for a long time but we were struggling to make it in order because of attendance, tools and full program for kids. Last time when we attended SPC training, we followed some instructions like children should be given extra points if they bring their friends along so we asked our children to bring other kids too.

The next time the children came they brought along their friends. So, firstly the children who did not come to Church used to come to Awana and secondly the parents of the children also started to come to church because of their children.

I am thankful to God for this opportunity to teach children and I am thankful to AWANA for this wonderful training.

This is our prayer that all the children and youth throughout the world will come to know, love and serve JESUS CHRIST.

Thousands of children attending Awana Clubs every week.

Adnan Found hope and trust upon the Lord during he is attending Awana club in living heart church, Islamabad.

His family was disturbed because his father was drug addicted and he used to spend his earning in drug addiction. He started pray because of the faith build because of attending Awana club every week.

NOW! His father is getting normal life day by day. HE IS happy with his FAMILY. He shared his story boldly while Awana team visited his club.

I am so blessed to be part of Awana. Every time I attend the Awana conference it really help me to learn and make my ministry work more efficient, especially the tools we learned to implement in the easiest way.

Learning the Gospel through colorful pearls in joined in bracelet is great experience for me. It reminds me too and I shall able to remember and help me to share the Gospel in our Awana Club in the easiest way.

Thank You Awana for happening it for us.
